INFRASTRUCTURE

Building Features

Floors	7 above ground, 2 underground
Total Floor Space	160,000 ft² (15,445 m²)
Floor Height	6 meter
Floor to Beam	4.8 meter
Floor Loading	2,000 kg/m² (19.61 kN/m²)
Rack Amount	1,800 cabinets
Seismic Resistance	Seismic isolation system design

Power

Power Capacity	20MW from dual Tai-power Stations, w/ 22.8kV high-voltage system
Power Supply to Cabinet	220V/20A、220V/30A、380V/20A、380V/30A
UPS	2N design with full load 15 minutes battery supply
Generator	N+2 Design
Diesel Tank	24 hours full load

Air-Conditioning

Return Air Temperature	22℃ - 27℃
Return Air Humidity	30% - 60%
Cooling System	▪ Dual loop piping ▪ Adoption of High-efficiency centrifugal chiller ▪ Cold aisle containment

Fire Protection System

Fire Detection	VESDA smoke detection system
Fire Suppression	Gas fire extinguisher (Novec 1230)

Security

Physical Security	24 x 7 security guards
Surveillance	Digital CCTV recording from all aspects of the site
Access Control	▪ Card and Key security control ▪ Emergency exits are wired to trigger alarms

Smart Hand

Network Operation Center (NOC)	▪ NOC: 7x24 free level one support ▪ Technical Team: Customized support services

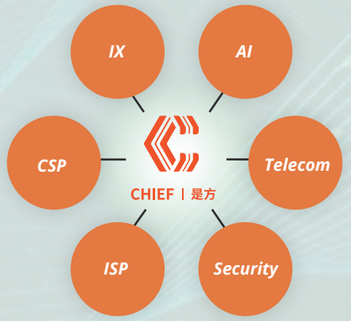

Other Facilities

Fiber Entry Point	4 entry points for telecom fiber access
MMR	**Meet-Me-Room (MMR)** Clients can cross-connect to a variety of local FTNS, international carriers and bandwidth providers
Cross Connect	Available for fiber and UTP cable cross connection
Flexible Space Designation	Customized private cage available with security access control
Cabinet Available	Standard 19" cabinet available (Note: Customized cabinets also available by Special Order)

Connectivity of Chief IDC

Chief IDC offers a rich connectivity environment that encompasses multiple on-net providers , such as Internet Exchanges (IX) providers, domestic and international telecom carriers, multi-system operators, and cloud service providers.

We are committed to providing our customers with high-quality services and helping them create new value in a high-speed integrated networking environment.

Abundant Connectivity Resources

Taiwan Telecom Operators

- CHT
- FET
- TWM (TFN)
- MSO

Global Carriers

- BT
- China Mobile
- China Telecom
- China Unicom
- IPTP Networks
- Cogent
- GCX
