CHAPTER 1

Company Profile

1. Chief Profile

Founded Jan. 19, 1991

Capital NT\$779,583,700

Major Products IDC Services
Cloud Services
Data Network Services
Exchange Services

Telecom Operational License
ISP、Internet、LLC
VPN、IPLC
Submarine Cable
Leasing License, etc.

World-class Carrier Neutral IDCs
LY/HD / LY2 · Floor area
of approximately 533,000 sqft

2.1 Company Unique Positioning – Carrier Neutral

2.2 IDC+(IDC Ecosystem)

CHIEF | 是方

Chief IDCs attracting various domestic and international services to gather here.

- ◆ **IDC and Connectivity are the core infrastructure of digital economy** such as AI computing, cloud and information. Data among IDCs will grow explosively. IDCs will become **the locomotive of the digital industry**.

CHIEF | 是方

2.3 Platform+

(Specialization / Resource Sharing / Collaboration / Multi-winners)

2.4 Connectivity+

Type I :
Int'l Carriers

Type II :
Submarine Operators

Type III :
ICP / Cloud / AI &
Network Service provider

Type IV:
Domestic Carriers & ISP

Domestic and foreign companies are connected to IDCs with high-speed bandwidth.

2.5 Value+ (Cluster Magnetic Attraction Effect)

3. Major Customers

4. Chief ESG Sustainable Development

● Environmental

- Completed GHG ISO 14064-1 certification in 2021~2024.
- LY2 supports the design of green-building and liquid-cooling for better PUE.
- Chief IDC will be ahead of RE100 timeline for using renewable energy (like eCO2).
- IDC awarded ISO50001 for energy management system certification.

● Social

- Donating to rural kindergartens with cumulative donation amount exceeding NTD1.6M.
- Donating to Digital Humanitarian Association to support on-line medical consultation for elderly people.
- Ranked 1st in the median annual salary for the non-supervisors in the communication industry of the TPEx listed company in 2022-2024.

● Governance

- Ranked Top 5% of TPEx corporate governance evaluation in 2022-2025.
- Awarded “Excellent” certification for corporate governance system evaluation by Chinese Corporate Governance Association.
- Awarded “CommonWealth Sustainability Citizen Award” , “CommonWealth Talent Sustainability Award” in 2024~2025.
- Awarded 36th place of "Top 50 OTC Companies" in 2025.

IDC Service

Data Service

Cloud Service

Exchange Center

DCOS-4 & ISO Information Security Quadruple Certification Certification

1.1 IDC Colocation Services – Carrier Neutral

- World-class carrier neutral IDCs to provide high quality IDC services
 - World-class IDC SLA
 - Customized design and deployment
 - 7X24hrs NOC
 - **ISO & DCOS certified**
- Complete connection for domestic/international optical network, 1st choice for foreign customers to enter Taiwan
 - Fiber ring among buildings
 - International submarine cable connection center
 - Richest resources for local loop access
- Similar foreign IDC service providers:
 - Equinix , Digital Realty , QTS , KINX , Coresite , Colt , Global Switch , Sify , ST Telemedia , GDC

1.2 LY2 Intelligent Data Center

Opening in June 2024

5,000 ping floor area

10KW~150KW/cabinet
PUE between 1.1 and 1.5

Liquid cooling (DLC) and air cooling design
Airflow greater than 150 CFM/kW

Floor load 2,000 kg/m²

LRB seismic isolation design
(seismic resistance level 7)

Green Building/Smart Building

- LY2 is not only a digital convergence hub, but also meets **three high demands** of AI servers: high power consumption, high heat dissipation, and high load capacity. It also offers **three fast unique advantages**: fast deployment, fast connection (TPIX & CCX), and fast service. In particular, the recently launched AI turnkey water-cooled (air-cooled) data center service allows enterprises to quickly deploy AI.

2.1 Data Service _ Global Internet Services

- An important internet service hub in Taiwan
- Google VPP gold certification for direct peering

2.2 Data Service - Global IPLC & VPN & SD-WAN Solutions

With forward-looking network deployment and complete enterprise solutions to expand global network services.

2.3 Cooperate with Global Partners to Expand International Network

1st

The 1st carrier neutral IDC in Taiwan

The 1st IXP (TPIX) in Taiwan

The Major cloud exchange gateway in Taiwan

The major submarine cable gateway in Taiwan

10+
Submarine Cable Connected

40+
Countries Served

60+
Global Cities PoPs

1200G+
Domestic & International Bandwidth Capacity

IDC alliance
Like the major airline alliances:
Sky Team · Star Alliance

3.1 Cloud Service _Comprehensive Solution

- All cloud data is stored domestically, ensuring compliance with security and audit requirements (data localization principle).
- Certified with ISO27017/27018 for cloud security and public cloud personal data protection.
- BMC global service coverage spans over 40 countries and 60 cities.

3.2 SaaS Application – Chief i Health

Integrate Health Wearable and Measurement Devices, Combine with AI Avatars for Personalized Diet and Exercise Suggestions, Connect Family Care Functions to Share and Track Health Information.

Easy to control health status

Convenient collection of health data

Health Big Data Interactive Platform

Case Management Platform

To C / B & G & H

4.1 Taipei Cable Exchange Center (TPCX)

- The only IDC tele-center in Taiwan to consolidate private cables (NCC licensed Telstra, GCX, Reach, Dalight) and consortium cables are connected in Chief IDC site. Fixed network operators in Taiwan all set up PoPs in Chief IDC site for submarine cable interconnection to provide high-quality international network services at a cost-effective price.
- Chief was awarded the application permit by NCC/MODA in May 2024 for providing submarine cable leasing service.

4.2 Taipei Internet Exchange Center (TPIX)

Rank	Internet Exchange	Members	Country	City	Website

CHAPTER 3

Recent Years Finance Performance

- Revenue & Gross Margin
- Net Margin & EPS
- EBITDA and EBITDA Margin
- Percentage of Dividends
- Product Service Revenue Percentage

1. Revenue & Gross Margin

Unit: NT\$K

2. Net Margin & EPS

Unit: NT\$

Note 1: 2022 dividends include 9 dollars cash dividends plus one dollar stock dividend (total 10 dollars)

CHIEF | 是方

3. EBITDA and EBITDA Margin

Unit: NT\$K

4. Percentage of Dividends

Note 1: 2022 dividends include 9 dollars cash dividends plus one dollar stock dividend (total 10 dollars)

Note 2: 2025 1st half cash dividend 6.6 dollars; 2nd half 7.69875469 dollars due to treasury stock purchases to impact number of outstanding shares, with cash dividend 14.3 dollars per share for the year.

5. Product Revenue Percentage

CHAPTER 5

Future Operational Focus

1. Business Development Focus

A comprehensive AI, cloud, and data company providing integrated land/network/cloud services.

CHIEF | 是方

2. Data Center Maximizes Magnetic Effect and Leads to Continued Growth

- ◆ Leverage IDC clustering magnetic effect, focus on cloud, AI computing and cybersecurity application services to expand business growth.
- ◆ Based on Triple Fiber Network Connectivity (TFNC) to provide **zero kilometer distance data** service to corporation .

- ◆ Located in the center of East Asia to attract international businesses.

3. TFNC (Triple Fiber Network Connectivity)

Complete Domestic and International Fiber Optic Network

- **Taipei Ring** : fiber network connect to Chief IDCs
- **Taiwan Ring** : fiber network connect to Six major cities
- **International Ring** : High bandwidth connect to USA, Europe, East Asia and China

The TFNC network breaks the distance limitations at home and abroad, focusing on data, AI and cloud application services.

4. Chief Enable AI Platform

Chief integrates its powerful "private network" and "data center infrastructure" resources and expects to launch the "Chief Enable AI Platform". This platform connects top AI hardware and software partners, leveraging Chief diverse infrastructure advantages to achieve deep integration from the underlying architecture to the upper-layer applications. Chief is committed to providing customers with localized AI integration services, one-stop out-of-the-box solutions, and highly privacy-preserving (dedicated hardware) solutions, while actively exploring a second growth curve.

5. Five-Layer Cake AI Theory of AI vs. Chief Telecom Services

6. East Asia Digital Convergence and Cloud、AI Computing Application Center

CHIEF | 是方

Over 50% of the world's top ten companies by market capitalization are clients of Chief !

7. Chief Enable AI Ecosystem

2024 LY2 AIDC Commercial Launch
2028 CTSP AIDC Expected Commercial Launch

Flywheel
